## National Honor Society Holds Annual Dinner

The annual dinner for National Honor Society members and their parents was held Wednesday evening, January 18th at the Grayling Elementary School. Around thirty parents and seven society members enjoyed the pulled dinner, for which the meat course was prepared by Mrs. Alfred Hoffman.

The evening's program began with a few words from Mr. Elmer Benton, Principal of the High School, explaining the National Honor Society and what its purpose is. He was followed by the speaker of the evening, the Reverend Donald Beyer of Mt. Hope Lutheran church who spoke on the importance of education. Finally the new members of the Society, of which there are fifteen this year, were initiated by Society President Steve DuBois. Each person drew a number which designated two questions, one serious and one humorous, they were to answer. After successfully answering the questions, the new members were given their membership cards by President DuBois. New members of the Society this year are Carlejan Moshier, Sandra Jean Millikin, David Bailey, Steven Mead, Kathleen Bourrie, Dorothy Latusek, Steve LaGrow, Diane Kimpff, Marilyn Johnson, Maryanne Johnson, William Gould, Nancy Brown, Janet Hubbard, Sally Bohlen and Diane Elenbaas.

## A Lesson In "The Miracle Worker"

By Carl Minor

This fall we opened our drama season at Grayling High School with a highly successful and memorable production of "Tom Jones." We are following it with a winter production of "The Miracle Worker." I realize it is considered by many to be a rather difficult play for high school students. However, I personally feel that students who are really interested in dramas will be able to handle it. I also believe that the play is particularly appropriate for high school students. Not only does the poignant story of Gibson's play, with its sympathetically and carefully drawn characters, produce a keen emotional impact, but there is a definite message that high school people can take to heart. The words "know," "think," "discipline," and "learn" recur throughout the play. A sound philosophy of education is presented in "The Miracle Worker" that should bring a new awareness to those students who take learning for granted. Helen Keller's struggle to learn and the almost insurmountable obstacles that Annie Sullivan overcame should make an impression on the minds of high school students. I believe that one

of the play's chief values lies in what the playwright Gibson has to say about education. Students gain from the reading, study, and production of this play a new respect for themselves, for what they are doing in school, for the instruction they receive, and for the potentialities that lie within themselves. If Helen Keller, in spite of the handicaps of blindness, and the inability to speak, could be educated, what then are the possibilities for those of us blessed with the use of normal and healthy senses?

## Seek Curriculum Needs For Kirtland College

Kirtland Community College Board of Trustees met on January 12, 1967, and the evening was spent in discussion of the anticipated needs of the curriculum of our future college. Dr. Bush and Dr. Guenther from Central Michigan University gave a report on their plans regarding the Vocational-Technical Area Study. This study is being made through the cooperative efforts of the Kirtland Community College and the following schools: Crawford Ausable, West Branch, Rose City, Mio Ausable, Fairview, Houghton Lake, Richfield No. 4, and Gerrish Higgins.

Drs. Bush and Guenther asked that the public be informed that they will be asked in the future, both through personal contact and by questionnaire, questions that should prove helpful in guiding the proposed curriculum. They also express their thanks in advance to all business, industry and individuals who help with this questionnaire. The nearer to a total response from the questionnaire, the more useful will be the instrument.

# Vikings at Gaylord Friday

The Grayling Vikings after wrapping up two NCCC victories last week traveled to Gaylord this Friday night to meet the Blue Devils in what is a "must" game for the Vikings.

Grayling trailing just behind Gaylord and Charlevoix in the loop standings must defeat Gaylord this Friday and Charlevoix the following Friday if they wish to end up at the top of the stack.

On Tuesday of this week, East Jordan is at Gaylord, Harbor Springs at Boyne City and Pellston at Charlevoix. The Grayling-Mancelona game originally slated for this Tuesday was played last week due to final exams this week at both schools.

On Friday of this week besides the Grayling-Gaylord fray, Boyne City will be at Charlevoix, Pellston at Harbor Springs and East Jordan at Mancelona.

Last week, Grayling topped the Ironmen 35 to 15 on Tuesday and added a 73 to 40 triumph over Pellston on Friday. Other conference action found Boyne City stopping East Jordan 68 to 56, Charlevoix over Mancelona 60 to 54 and Gaylord edging Harbor Springs 64 to 58 all on Friday.

Last Tuesday, the Vikings took a 20 to 20 period over

Mancelona and went on to a 51 to 36 intermission lead, Grayling took the third frame 27 to 11 with the Ironmen finishing fast with a 28 to 17 fourth period. Grayling hit 35 times from the field and added 25 of 36 foul shots. They were called for 23 fouls as were the Ironmen. Mancelona managed only 29 field goals and 17 of 30 tosses.

Dave Nethers with 26 points paced the green and white attack with LeRoy Neal with 22, Steve DuBois with 17 and Dale Slusser with 14 all in the double figures. Pat Thompson added 7, Dane Madsen 4, Dave Bailey and Doug Wilson 2 each and Wes Hayes, a foul shot. Bryce Southwell with 24 was high for the Mancelona Ironmen.

Friday night at Pellston, Grayling raced out to a 19 to 15 first period bulge and edged out to a 37 to 32 halftime lead. Grayling outscored the Hornets 11 to 10 in the third canto and 25 to 18 in the final eight minutes.

The Vikings counted 30 times from the floor and added 13 of 27 from the free throw line. They lost the services of Nethers via the foul route. The Hornets scored on 24 field goals with 12 of 25 charity tosses added. They lost Dan Schmalzried on fouls.

DuBois with 31 points was Grayling's big scoring gun. He was aided by Neal with 15 and Nethers 11. Also hitting the scoring column were Slusser with 9, Thompson with 5 and Bailey 2. Tom Litzner with 20 and Jim Ball with 19 were high for the Hornets.

The little Vikings buried the little Ironmen 63 to 15. Grayling hit for period scores of 14, 20, 11 and 18 while the Mancelona reserves got 4, 5, 4 and 2. Mike Smock with 12, Warren Hayes with 11 and Tony Ellison with 10 were in double figures for the little Vikings. Adding to the scoring were Mark Smith, Allen Lowe 6, Gerry St. Germain 6, Dale Papendick 5, Bruce Burkett 4 and Brad Scher 2.

Friday night at Pellston, the little Hornets stung Grayling with a 72 to 59 defeat. Grayling took a 15 to 12 first period lead, but slumped the next two periods 19 to 11 and 20 to 11. They took the final quarter 22 to 21 but it was too little and too late.

Smock with 24 was high for Grayling with Hayes adding 11, Smith 8, Lowe 6, Ellison 4, and St. Germain, Papendick and Mike Thompson 2 each. G. Burkhardt with 20 was high for the little Hornets.

## Majority Lack Experience . . .

Statistics issued by the National Industrial Conference Board reveal a startling fact. The median age of the United States' almost 200 million people is 28 years. Writing in The ESCO Ladle, Bill Walkins calls attention to equally startling facts: "The younger the population, the narrower its range of experience in time. Fifty-two per cent of our population can't imagine a world without television and space vehicles. Eighty per cent don't remember when we couldn't buy a legal drink. Seventy per cent did not live in the day when payment of income taxes was the dubious prerogative of the very wealthy. Almost three-quarters of our population were either not yet born or were very young when Social Security first went into effect in 1937."

In terms of liberty under representative government, this lack of experience with the past can have grave consequences. Again, in the words of Mr. Walkins, "If the young voter has had no instruction in political and economic truths, the politician has no alternative but to go along with the fallacies on which the popular ideas are grounded." Our young people of today should remember that "To have individual freedom we must sacrifice a measure of security . . . the alternative is to accept such meager security as the state chooses to offer. And who knows but what even our affluence might diminish along with our loss of liberties."

## What Is The Answer? . . .

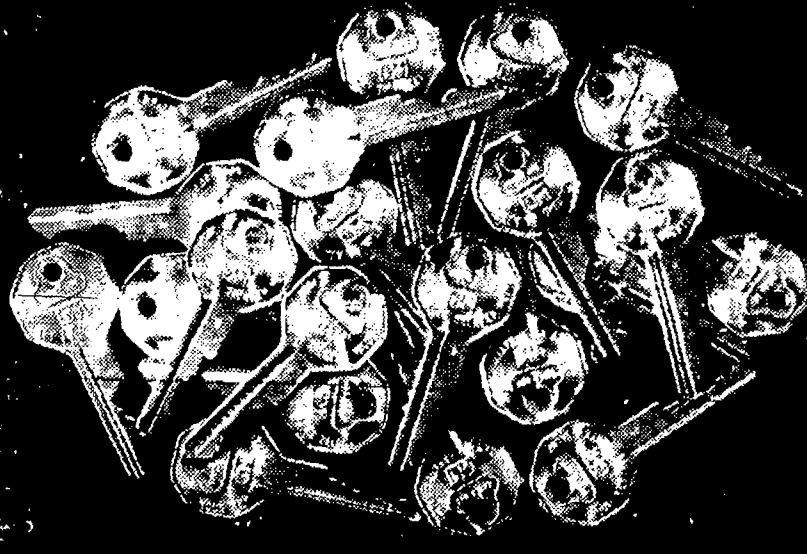

If past experience is any criterion, that perennial issue "right-to-work" will again be brought to the attention of Congress. Organized labor, with the help of misnamed liberal members of Congress, will seek to deprive the states of the right of self-determination on the matter of compulsory unionism by urging repeal of Section 14 (b) of the Taft-Hartley Act.

At the present time, there are some 400,000 U. S. men fighting a war half a world away to uphold the belief that the small country of South Viet Nam should have the right of self-determination in choosing the kind of government it wishes to live under. And yet, we find powerful factions in our own country determined to erase this right among the several states — 19 states now have right-to-work laws, which have been adopted by the people's legislators in those states.

If Congress by fiat abolishes these right-to-work laws, it will be violating in principle the right of self-determination. One can reasonably ask, should not this right be as sacred in our own country as it is in Viet Nam?

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO

January 20, 1944

Have you noticed that the people who never did get on are always telling others where to get off?

Last Friday night before the largest crowd in several years, Grayling's Green Wave defeated a strong Mancelona team by the score of 46 - 31. In removing Mancelona from the undefeated class, Grayling played amazing ball to lead throughout the contest. The victory places Grayling at the top of the conference heap with four conference games remaining to be played. In the preliminary last Friday, the Grayling Reserves lost a 25 - 21 decision to a team composed of boys out of school. This game was another fast one with the Reserves coming along fast at the end to make the game close.

Mrs. Leo Jorgenson was hostess to a lovely shower Tuesday evening at her home in honor of Mrs. Melvin Marshall. The evening was spent playing buncos, with high score being held by Miss Leone Jorgenson, and low Mrs. Charles Moshier. Later in the evening a lovely lunch was served buffet style. Mrs. Marshall received many lovely gifts.

Ice fishermen who are having trouble seeing pike to spear because of the "pea soup" appearance of the water under the ice, can blame the weather, according to the institute for fisheries research of the conservation department. There has been no snow to keep the light from going through the ice, and many lakes have started to "bloom" causing the murky appearance found more commonly in summer. This weather condition causes a cycle which will have an adverse effect on ice fishing later in the season, the institute predicts.

Mrs. Henry Libcke and family of Lansing are moving to Grayling to remain indefinitely. Because the heating system at the high school has been out of commission the school has been closed since Monday awaiting repairs.

Mr. and Mrs. Russell Moshier of Birch Run are happy over the arrival of a son, William Robert, born to them on December 31.

Whether vitamin B in the form of brewer's yeast added to the fishes' diet will reduce hatchery losses in the winter months is the subject of experiments being conducted at Grayling and Marquette hatcheries. At Grayling, 5,700 trout yearlings are the guinea pigs. One pond of rainbow trout and one of brown are fed five per cent brewer's yeast in addition to their regular hatchery diet. Another pond of rainbow and of brown are fed the same diet without any yeast. These experiments were begun in the fall and will continue until waters are at normal summer temperatures.

Pfc. Elmer J. Dunham of Co. M 417th Inf. Camp McCoy, Wis., was home on furlough visiting his parents Mr. and Mrs. S. D. Dunham. He is leaving in a short time with ski troops for a month's training at Watersmeet in the upper peninsula.

Clare Madsen has been elected to membership of the County Board of Road Commissioners to succeed Frank Sales who resigned. Other members of the Board are Elmer Corsaut of Frederic and Arthur Feldhauser of Lovells.

Mr. and Mrs. George A. Griffith of Fort Wayne, Ind., arrived here Sunday and are spending the week at their home on the AuSable River.

Pvt. Donald Smock will return to Camp Blanding, Florida, tonight after spending a week's furlough with his family and parents, Mr. and Mrs. Liland Smock.

S/Sgt. Wright and T/Sgt. Dwight Merrill are visiting their parents, Mr. and Mrs. Joseph Merrill. They are stationed at Sioux Falls, S. D.

Earl Gierke, T/5 of Camp Davis, N. C., will be returning to his post Friday after spending several days visiting his parents, Mr. and Mrs. A. F. Gierke. He has as his guest while here, Miss Louise Allen of Saginaw.

Mr. and Mrs. S. D. Dunham were in Ann Arbor last week where Mr. Dunham had a check up of his condition at University hospital. He is very much improved in health, but still unable to return to his work with the Western Union Telegraph Co.

The scholars of third and fourth grade Frederic School were neither absent nor tardy during the month ending January 7. Arlene Peterson, Roland Hummel, Sally Bind-schattel, Ted Leng, Betty Pratt and Reta Barber; the primary grade: Arthur Lozon, Tommy Peterson and Bobby Pratt; the fifth and sixth grades: Dale Allen, Dean Tobin and Jack Hummel.

T/Sgt. Bill Joseph arrived here Monday from Camp Butler, N. C., and will spend his furlough with his parents, Mr. and Mrs. A. J. Joseph.

"Specialists in Fabric Care"

Methodist Church enjoyed a ski hike and weiner roast last Thursday. Their teacher, Rev. Calkins had his share of the good time.

Mrs. John W. Libcke just received a cablegram from her husband, Lt. Col. John W. Libcke who is located in London. He reports being well and that he is enjoying England.

Mr. and Mrs. Fred Bishaw arrived home Sunday from the Great Lake boat lines for a few weeks vacation.

It was 25 years ago that John Bruun, directly from Denmark, arrived in Grayling to begin a career. He entered into the employ of Salling Hanson Company as bookkeeper and became familiar with the lumber business and incidentally, big business. He worked faithfully and diligently in doing so he built up a reputation for ability, honesty and ambition. When the local mills closed, the Company owned thousands of acres of lands and other property. Some of this was what was known as cut-over lands, while others were located on lakes and streams. Summer homes for the city dwellers was becoming attractive and healthful ways for families to spend part of their time. Here again Mr. Bruun fitted into the picture and he was the means of bringing into Crawford County some of Michigan's most outstanding citizens, some to reside here part time and others to reside here permanently. Many fine homes were built here because of the activities of Mr. Bruun. Grayling lost its bank, and what is a city without one? Local people were interested and willing to come out with all the money that was needed. But where were they to get a cashier? Right here John Bruun seemed to be the logical one for that position. Without having training in the banking, he undertook the job. Mr. Bruun visited other banks and interviewed successful bankers. When the time came January 2, 1922, Grayling State Savings Bank was ready for business. His activities didn't stop there. His real estate adventures have been highly successful. Oil is one of Michigan's big industries. Mr. Bruun has made a splendid success in that line. He is a studious reader and keeps informed on affairs of the community and state. His library contains many valuable volumes all of which he has read. He speaks and writes several languages. Last Thursday a group of his business associates tendered him a banquet at the Bancroft Hotel in Saginaw. Not until the affair was about over did Mr. Bruun know that it was being given in his honor. That was one time when John was just about stumped. However he was able to acknowledge a gift of a very fine watch and express the feeling that Grayling had been good to him. Friends from Grayling at the dinner included Mr. Wilhelm Raabe, Mr. and Mrs. Esbern Hanson, Mrs. Mar-

grethe Graham and Mr. and Mrs. Oscar Hanson.

46 YEARS AGO

January 20, 1921

A joint meeting was held at the court house Monday evening of the Village council and Township board to consider the matter of buying the Presbyterian Church building for a public library. A number of other citizens also were present. A committee composed of the following was appointed to look into the matter: Mayor George N. Olson, Harry Simpson and George McCullough from the council and Joseph Burton, Emil and L. J. Kraus from the township board and M. A. Bates and A. M. Lewis from the Board of Education.

Mrs. Richard McPeak of Bay City is visiting her son George and family.

Ambrose McClain is suffering from blood-poisoning on his right hand. The infection resulting from a slight scratch.

Mrs. Henry Bauman and Mrs. Oscar Hanson were hostesses to the Bridge club Tuesday afternoon. Guests of the club were Mrs. R. Hanson, Miss Alexander of Detroit, Mrs. Elmer Cornwell of Saginaw, Miss Ann Walton, Mrs. C. M. Morfit held the high score for bridge.

Mr. and Mrs. Holger Hanson returned from Detroit where they enjoyed a two week's visit with the former's brothers, Emil and Magnus Hanson and sister, Mrs. S. S. Phelps, Jr., and their families.

For her mother, Mrs. Sarah Corwin, who celebrated her 73rd birthday Sunday, Mrs. Celia Granger gave a dinner with the lady's children together with their husbands and wives as guests. These included Mr. and Mrs. James Wingard, Mr. and Mrs. Nelson Corwin, Mr. and Mrs. Orson Corwin, Mr. and Mrs. Chris Hoesli and Mr. and Mrs. George Biggs.

Word has been received from Waldemar Olson that he was married recently and is now honeymooning in the east. Mr. Olson is the son of Mr. and Mrs. N. P. Olson and has been spending the winter in Florida.

## GIRL SCOUTS: FOCUS ON FRIENDSHIP

A program designed to acquaint people with the varied aspects of Girl Scouting may be arranged for a group through a newly instituted service of the Big Waters Girl Scout Council.

Designated "Girl Scouts: Focus on Friendship," this project brings Girl Scouts, as requested by the organization, to its meeting, these special programs will focus on participation and contribution to the Scout program by its adult members which, nationally, total some 750,000.

All programs will be presented by Girl Scouts, several of them have been associated with this council. Over 60,000 men are registered Girl Scouts, nation-wide, most of whom are concerned with the administrative aspects of council business. The Big Waters Council, which serves 1000 Scouts in its eight-county area is looking for a great number of people with a little time to share their talent.

It's looking for broader understanding of its principles and ways of work, offering pleasure and satisfaction to the volunteers who join.

## Did You Know

It Does Make A Difference Which Church You Join

So often you hear a good church goer say, "I am a member of the church, but it doesn't make any difference to me what church I attend or what church I am a member of. One church doesn't mean any more to me than another." Are they right? What did Jesus think? What did He say?

There were many churches in his day already established and in full operation. But Jesus chose none of them, for he said, "I will build my church" (Matthew 16:18). Many of the reformers tried to change the abuses of the doctrine which truly took courage, but none of them were able to incorporate fully the doctrine as Jesus set them in His church. Jesus said that those who sought for doctrines "the commandments of men" worshipped him in vain. (Matthew 15:8-9). What would be a commandment of men? Many of them have crept into present-day Christianity. Some of them are infant baptism, sprinkling as a mode of baptism, polygamy, doing away with the laying on of hands for the gift of the Holy Ghost and for the healing of the sick, and changing the form of organization of the church. These are commandments of men, because they have been introduced, taught, and commanded by men, without God's having anything to do or say about them.

What you think about religion and its importance is very important. You can be right, or wrong. A real Christian writer and editor said, "Beliefs are creative! They make us what we are!—Yes, and they determine what becomes of us, in this life, and in the life to come. It is a serious matter for one to worship God in vain, or to stake his soul's salvation on man-made doctrines. You may be perfectly satisfied with your present situation. You may sincerely believe you are right. But remember, one can be sincere and still be wrong. If you are interested in the truths of which Church Should I Join? Or Authority In Religion, write Avalanche, Box F, they will be sent to you with no obligation. Worship in the church of your choice this Sunday. Regards, Members of the Reorganized Church of Jesus Christ of Latter Day. — Adv.

Consumers Power Reports to Your Community...

The many hats of...

**CP-Careful Planning**  
Dependable Consumers Power electric service is still the biggest bargain in your family budget. It helps cook, clean, wash, dry, iron, cool and heat today's modern home—all for pennies a day. While the price of nearly everything else has almost doubled in 20 years, the unit price of Consumers Power electric service has gone down more than 16%. Can you think of anything else that costs so little, yet does so much to make life pleasant and convenient, as this handful of value from Consumers Power?

**CP-Customer-minded Personnel**  
New tools and techniques constantly are being employed by our people to improve customer service and safety. Underground electric distribution lines now are installed in many new residential areas. Electronic computers are being put to work to speed the handling of customer inquiries and requests for service. Indeed, more than \$2.2 million has been invested in new and improved service centers in the past year. For at Consumers Power, our first concern is always what we can do for you.

**CP-Community Participation**  
Taxes, payrolls... however you figure it... Consumers Power budgeted \$79 million for expansion and improvement of its electric service last year. That's a lot of money, but we recognize our obligation to see that customers always have ample power. That's why we're also making plans, right now, for construction of a new \$100 million nuclear power plant near South Haven... and an interconnecting power system with other Midwestern utilities to assure reliable service and maximum economies in the years ahead.

**CP-Continuing Progress**  
To keep ahead of growing customer demands, Consumers Power budgeted \$79 million for expansion and improvement of its electric service last year. That's a lot of money, but we recognize our obligation to see that customers always have ample power. That's why we're also making plans, right now, for construction of a new \$100 million nuclear power plant near South Haven... and an interconnecting power system with other Midwestern utilities to assure reliable service and maximum economies in the years ahead.
